Crypto Exchange Platform

Crypto Exchange Platform Features

What Will You Have?	Descriptions
Buy, Sell, & Trade 80+ Cryptocurrencies	Access a diverse trading platform supporting major assets like BTC, ETH, USDT, and more—ideal for both beginners and advanced traders.
Fully Regulated Digital Asset Platform	Operates under the oversight of Thailand's Securities and Exchange Commission (SEC), delivering a compliant and secure trading experience.
Fast Thai Baht Deposits	Fund your account quickly in THB for seamless trading without delays.
Robust Digital Wallet with ISO 27001 Security	Securely store your cryptocurrencies with enterprise-grade information security practices (ISO 27001-certified).
24/7 Live Chat Customer Support	Get round-the-clock support directly through the app—help is always just a click away.
Secure Data Handling & Privacy Controls	Personal data like email and phone number is encrypted in transit, not shared with third parties, and deletable on request.

Crypto Exchange Platform Features

What Will You Have?	Descriptions
Comprehensive API Access for Developers	Offers a full suite of secure API endpoints—manage balances, create orders, view transaction history—for seamless integration into your own tools.
Multi-Asset Price Alerts	Stay informed with real-time notifications on price movements across a variety of crypto assets.
Tokenized Asset Offering – Tether Gold (XAUt)	Trade tokenized physical gold directly on the platform, providing access to digital-backed tangible assets in Thailand.
KYC Verification	Complete identity verification to ensure compliance with regulations and unlock full trading limits.
Deposit THB	Deposit Thai Baht (THB) into your account via bank transfer or cash-in methods.
Withdraw THB	Withdraw THB from your account directly to your linked bank account safely.

Crypto Exchange Platform Features

What Will You Have?	Descriptions
Deposit Crypto	Add cryptocurrencies to your wallet by transferring from an external wallet or another account on the exchange.
Withdraw Crypto	Transfer cryptocurrencies out to an external wallet or another account within the platform.
Quick Buy Crypto	Instantly purchase cryptocurrencies at the current market price.
Quick Sell Crypto	Instantly sell cryptocurrencies at the current market price.
Limit Buy Crypto	Place buy orders at your desired price, executed when the market reaches your set value.
Limit Sell Crypto	Place sell orders at your chosen price, executed when market conditions match your request.

Handyman Booking System

Handyman Booking System Features

What Will You Have?	Descriptions
User account management	User-friendly account creation, log in, log out, change password... There are two types of account (buyer and service provider) following users' demand
Security and Authentication	Multi/Two-factor authentication (MFA, 2FA), Biometric, PINs, fingerprint, OTP, KYC...
Payment with digital wallet	Allow user to make payment with digital wallet such as PayPal, Neteller, Skrill, Payoneer...
VISA, DEBIT, CREDIT CARD integration	Allow user to pay via input card number, name on card and CVV
Notifications	Push, in-app, SMS, email notification
Customer support	Help desk, FAQ page, chat bot, live chat, support tickets...
Customizable alerts	Customize alerts and notifications based on user preferences
Chat functionality	Users can chat with each other in the chat box

Handyman Booking System Features

What Will You Have?	Descriptions
Handyman filtering and sorting	Sort and filter handymen by price, gender, work experience, reviews, and ratings...
Tax invoice generation	Generate invoice with taxes, fees, and order information for users
Interactive dashboards	Create user-friendly UX/UI for account management
Google Maps integration	Integrate with Google Maps to show handymen's locations as well as search for and select a location
Booking history	Record all order information over a period of time
Review function	Buyers can review handymen when they have finished their work
Handymen favorite list	Add handyman to favorite list for booking later
Search nearby	Search handyman nearby with a variety of filter options
Track order	Track the current working status of the handyman
User profile editing	Allow users to edit and update their profiles

Handyman Booking System Features

What Will You Have?	Descriptions
Booking system	The system will automatically match handymen with users' orders, or users can book a specific handyman they want
Promotion	Let users apply promo codes for discounts at checkout, offering reduced prices and a more rewarding shopping experience
Membership	Users can subscribe to a monthly or yearly membership for exclusive benefits and receive notifications about discounts, new services, and promotions via email
Multilingual	Offer multi-language support, enabling users to interact in both English and Vietnamese for a smoother and more accessible experience
Service provider management	Allow partners to manage the services they offer, including adding new services and adjusting competitive pricing
Recent activity	Stores recent activities so users can easily find the services they are looking for

Tyre Selling Platform

Tyre Selling Platform Features

What Will You Have?	Descriptions
Extensive Tyre Catalog	Offers a wide selection of tyres – car, motorcycle, van, truck, off-road, specialty, and retread, sorted by tyre type (summer, winter, all-season)
Advanced Tyre Search Filters	Filter by vehicle type, tyre dimensions (width, height, diameter), load index, and speed index for precise matches
Vehicle-Based Tyre Finder	Enter your vehicle's registration or select make/model/engine to get tyre recommendations tailored to your car
Price Comparison Feature	Compare prices from various leading brands to find the best deals online in the UAE
Online Purchase & Delivery	Buy tyres online from anywhere in the UAE and have them delivered to your door or a nearby fitting center
Expert Blog & Guides	Educational articles and buying guides (e.g. "best summer tyres for UAE," "summer vs all-season tyres," "all-terrain tyre guide")
Brand & Product Information	Detailed pages for each tyre (e.g. Bridgestone Ecopia, Hankook Dynapro) outlining performance attributes

Tyre Selling Platform Features

What Will You Have?	Descriptions
Fitting Network Access	Connects you to tyre fitting partners across the UAE—book installations as part of purchase. (Implied by “buy & fit tyres conveniently”)
Newsletter & Offers	Option to subscribe and receive the latest tyre deals and promotions directly on your phone or email
Trusted Brands Selection	Features top tyre brands like Pirelli, Michelin, Bridgestone, Goodyear, Continental, Yokohama etc.
Customer & Merchant Portals	Includes contact us, shop registration, shop login, and support sections for both consumers and merchant-partners
Clear Policies & Legal Info	Transparent privacy policy, legal information, terms & conditions, returns policy, and pricing terms
Global Network & Localization	Part of the TyresNET group operating in 40+ countries, with navigation tailored to UAE customers

The image displays a mobile application interface for 'TYRES ONLINE'. A red modal window is centered on the screen, providing a sign-in form. The modal features the 'TYRES ONLINE' logo at the top, followed by two social login buttons: 'Sign in with Facebook' and 'Sign in with Google'. Below these are five text input fields: 'First Name', 'Last Name', 'e-mail', 'Password', and 'Confirm Password'. A dark red 'Submit' button is positioned at the bottom of the modal. The background of the app shows a blurred view of a tyre and the navigation bar with links like 'Tyres', 'Tyre Brands', 'Car Battery Replacement', and 'Wheel Protectors'. The top right corner of the app shows a language selector set to 'عربي' and a user profile icon.

Tiered Loyalty Program

Tiered Loyalty Program Features

What Will You Have?	Descriptions
POPG Token Wallet & Saving Functionality	A secure place to hold and save your POPG tokens, earning a rebate annually based on the amount you lock. The rebate is distributed daily and can be redeemed for entertainment services. UAT likely mirrors this functionality.
Tiered VIP Savings System	Five VIP tiers that provide increasing rebates—up to 14% annual rebate—depending on the tier you qualify for through saved POPG tokens.
Rewards Redemption for Entertainment	Ability to redeem accumulated POPG rebated tokens for entertainment services like streaming subscriptions (e.g., Netflix, Spotify), gaming, and more.
Gift Card or Service Redemption Portal	A redemption interface—possibly accessed via live chat or directly within the wallet—to claim gift cards or service credits (e.g., free Spotify Premium month).
Information on Ecosystem Participation	Explanation of the POPG ecosystem pillars—POPG.VIP (VIP rewards), and POP.LIVE (premium events)—highlighting where the wallet fits within the broader Web3 entertainment realm.
Token Utility & Ecosystem Access	POPG tokens serve as utility tokens across the ecosystem. Holding and locking them within the wallet grants you access to services, redemptions, and platform participation.

Tiered Loyalty Program Features

What Will You Have?	Descriptions
Transparency & Business Credentials	Clear disclosure of the legal entities behind POPG—Trivisionary DMCC (UAE) as technology provider, and World Makers Group Inc. (Panama) as token issuer—supporting trust in the wallet's legitimacy.
Policy Compliance & Legal Considerations	Embedded links to Terms of Use, Privacy Policy, and compliance with disclosures such as token volatility and digital asset risks.
Buy, Deposit & Withdraw Options	The UAT wallet interface includes clear actions for Buy, Deposit, and Withdraw, suggesting that users can easily purchase POPG tokens (likely via integrated exchange/payment), deposit pre-owned tokens, and withdraw them from the wallet.
Save & Redeem Functions	Obvious Save and Redeem buttons indicate core functionality: locking POPG to earn rebates, then redeeming those rebates in entertainment services or redeemable tokens.
Account Management & Dashboard	The labels Dashboard, Profile, Help Center, along with options to Log In / Register, reveal the presence of an account management interface. Users gain access to personalized views of activities, support, and profile actions.
Real-Time Token Valuation & Merchant Status	A live display of "1 \$POPG = 0.051 USD" implies dynamic valuation (though placeholder in UAT), while the note "There aren't any merchants yet" indicates UAT's readiness to list redeemable services in future.

NFT Marketplace

NFT Marketplace Features

What Will You Have?	Descriptions
NFT Marketplace Interface	A platform branded as “SPARKMINDS NFT MARKETPLACE – YOUR GATEWAY TO THE FUTURE OF DIGITAL OWNERSHIP,” where users can explore, buy, and sell curated NFTs within a secure and creative community.
Navigation Menu	Includes tabs like Home, Blog, About Us, Contact, Collections, My NFT, and Create—enabling easy access to content discovery, personal NFT management, and creation workflows.
Wallet Connect & Account Access	Options to “Wallet Connect,” “Log In,” and “Sign Up” suggest integration with external crypto wallets for authentication and seamless user onboarding.
Subscription Prompt	A subscription call-to-action (“Stay updated with the latest NFT drops & more... Subscribe now”) inviting users to receive updates and maintain engagement.
Supported Blockchains	Accepts multiple cryptocurrencies—including Ethereum (ETH), Binance Coin (BNB), and others—enabling broader accessibility for users.
Partnership Opportunities	Encourages collaboration via: “Interested in Partnering? Reach out to our partnership team: ”

NFT Marketplace Features

What Will You Have?	Descriptions
Legal & Informational Links	Includes quick links to key information: Explore, FAQs, Terms of Service, Privacy Policy—providing transparency and user assurance.
User Engagement & Onboarding	Wallet connect and sign-in options streamline the onboarding experience—vital for onboarding NFT buyers and creators.
Full Ecosystem Access	From NFT creation to purchase and personal NFT management, the platform supports a complete user journey.
NFT Marketplace & Collections	Explore, buy, sell, and manage NFTs through curated collections, with tools for browsing and discovery.
Wallet Integration & Account Access	Connect crypto wallets, sign up, and log in to securely manage NFT purchases, sales, and creations.
NFT Creation & Management	Create and list your own NFTs, track owned assets in “My NFT,” and manage sales directly on the platform.

Crypto Wallet - Zchains

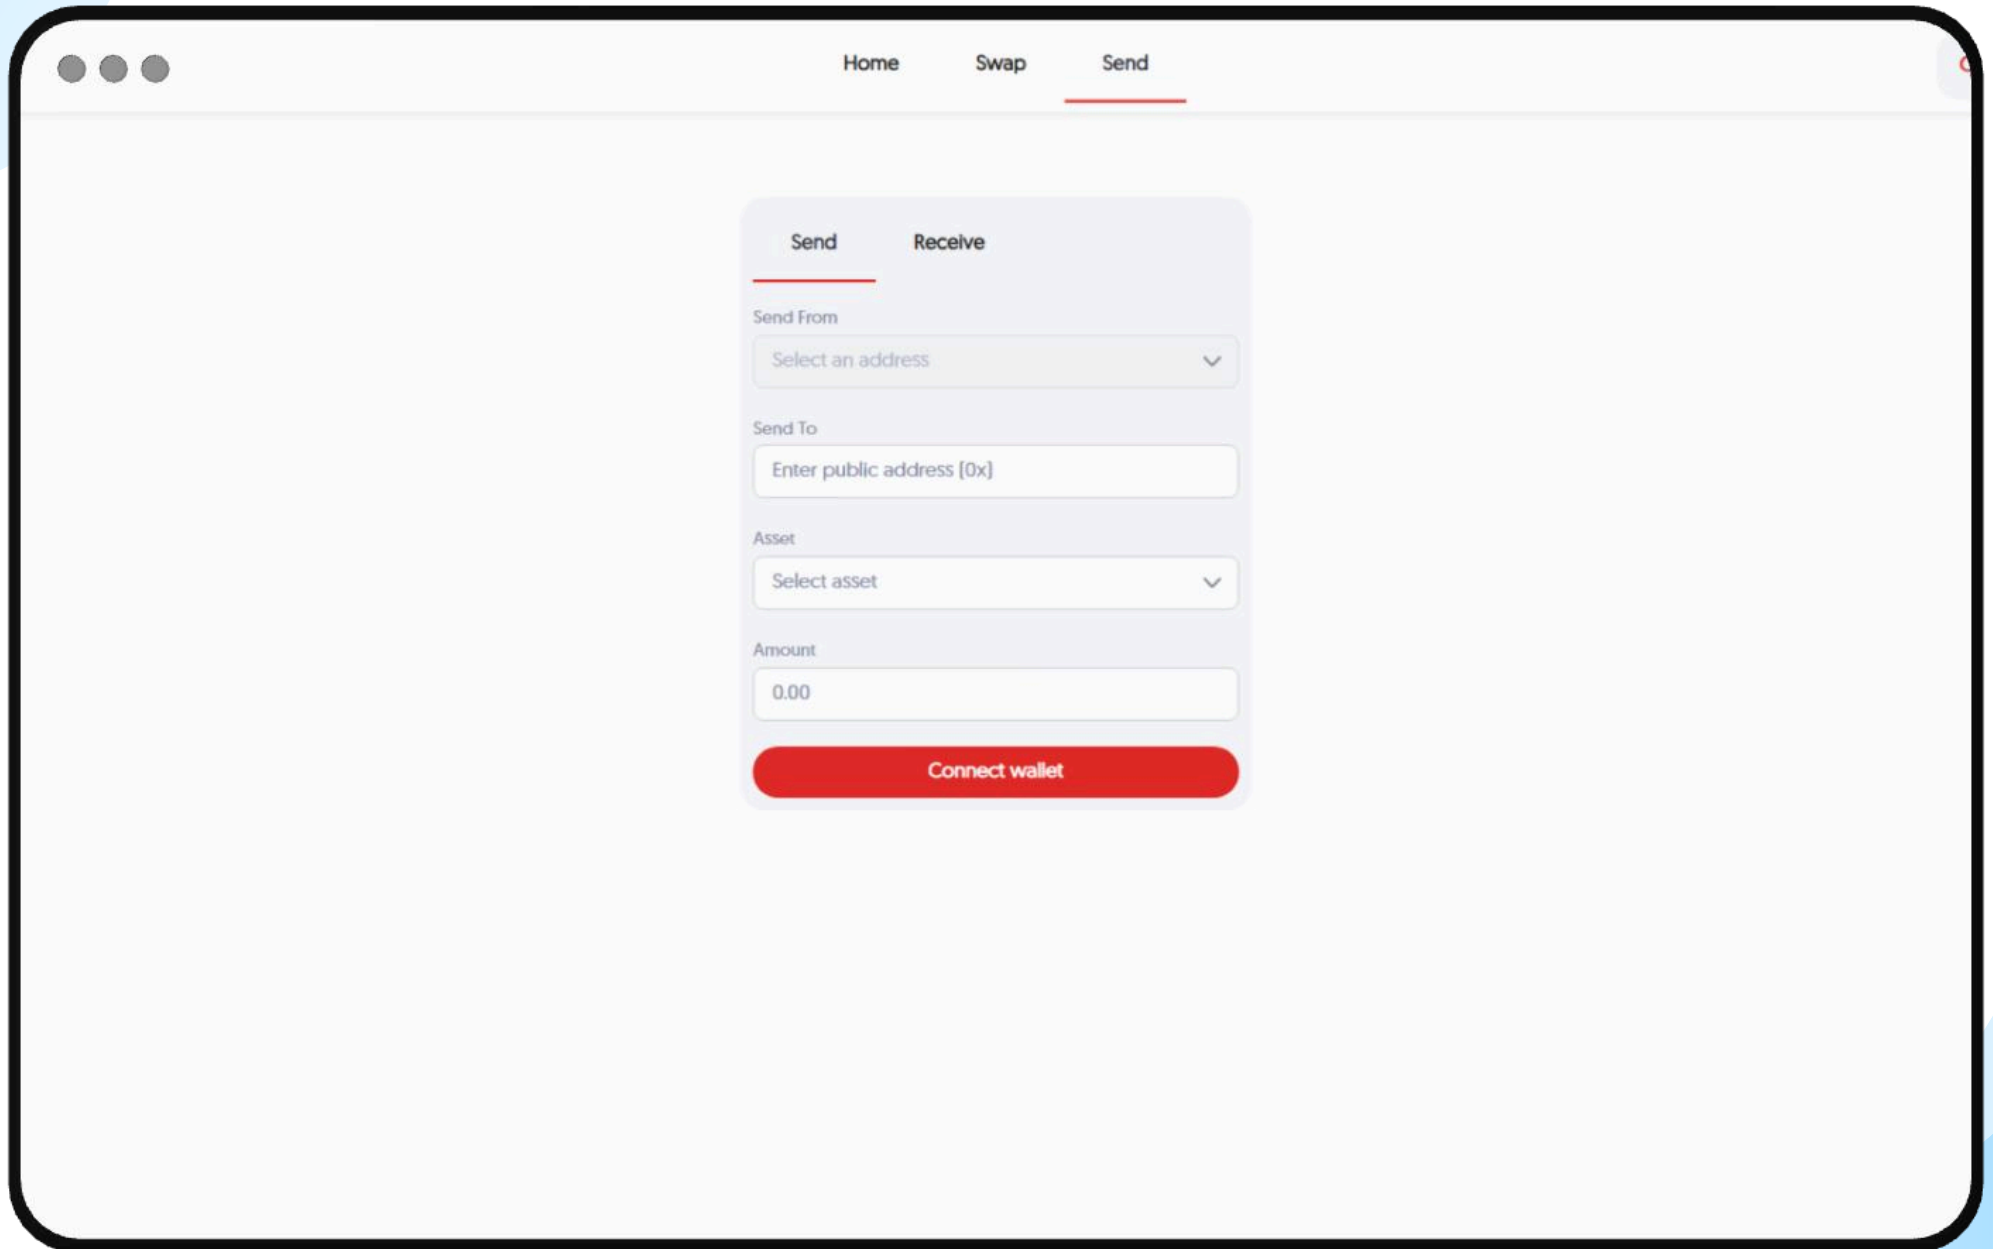

Crypto Wallet Features

What Will You Have?	Descriptions
Send & Receive via Address or QR Code	Effortlessly send and receive Ethereum and other EVM-compatible tokens using either wallet addresses or QR codes for quick, error-free transactions.
Browser Extension Integration	Seamlessly connect the ZChains Wallet Extension (similar to MetaMask) for streamlined access to your assets across web browsers.
Built-In Token Swap Functionality	Instantly trade Ethereum and other supported tokens directly within the wallet interface—no need to go to external exchanges.
Transaction History Overview	View a detailed, chronological record of your transaction activity, providing transparency and auditability.
Advanced Encryption & Private Key Security	Rest easy knowing your assets are protected by robust encryption and secure private key storage, tailored for different platforms including web, mobile, and browser extension.
Multi-Token (EVM) Support	Manage a wide spectrum of Ethereum-based tokens (like ERC-20, ERC-721) within a single wallet, thanks to EVM compatibility.

Crypto Wallet Features

What Will You Have?	Descriptions
Real-Time Price Tracking	Monitor live cryptocurrency prices and market changes without leaving the wallet interface.
Cross-Platform Access	Access your wallet on web, desktop, and mobile devices for seamless usage anywhere.
Customizable Gas Fees	Adjust transaction fees manually to balance between speed and cost efficiency.
Backup & Recovery Options	Secure your funds with recovery phrases and backup tools to restore access if devices are lost or damaged.
dApp & Ecosystem Access	Easily interact with ZChains-native dApps (e.g., Zwap for swapping/bridging and FractionZ for fund/token launches) directly from the wallet.
EVM-Compatible & High-Performance Network Access	Connect to the ZChains Layer-1 network, offering fast, low-fee EVM-compatible transactions based on Proof-of-Stake architecture.

The image shows a web application interface for a crypto wallet, specifically the 'Send' feature. The interface is contained within a rounded rectangle with a black border, set against a light blue background. At the top of the interface, there are three navigation tabs: 'Home', 'Swap', and 'Send'. The 'Send' tab is currently selected, indicated by a red underline. Below the navigation tabs, there is a central form area. This form has two sub-tabs: 'Send' and 'Receive'. The 'Send' sub-tab is selected, also indicated by a red underline. The form contains four input fields: 'Send From' with a dropdown menu showing 'Select an address', 'Send To' with a text input field containing 'Enter public address [0x]', 'Asset' with a dropdown menu showing 'Select asset', and 'Amount' with a text input field containing '0.00'. At the bottom of the form, there is a prominent red button labeled 'Connect wallet'.

Social Media Platform - Insida

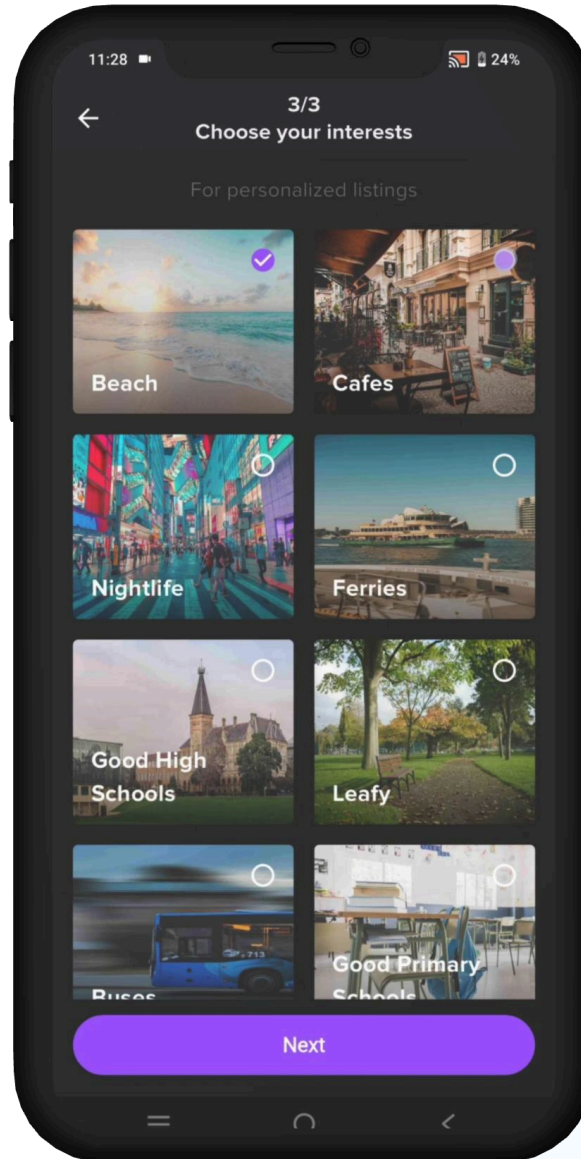

Social Media Platforms Features

What Will You Have?	Descriptions
User Registration & Authentication	Securely sign up, log in, and log out to personalize your experience and manage your content.
Property Showcase with Photos, Videos & Virtual Tours	View and upload high-quality images, immersive videos, and interactive virtual tours to effectively present real estate listings.
Detailed Listings	Access comprehensive property details including price, size, location, and amenities for informed decision-making.
Advanced Search & Filters	Quickly find properties by applying filters such as price range, property type, location, and amenities.
Content Management Dashboard	Manage your own property listings, uploaded media, and account settings through an intuitive dashboard.
Social Interaction Tools	Like, share, and comment on property posts to engage with the community and increase listing visibility.

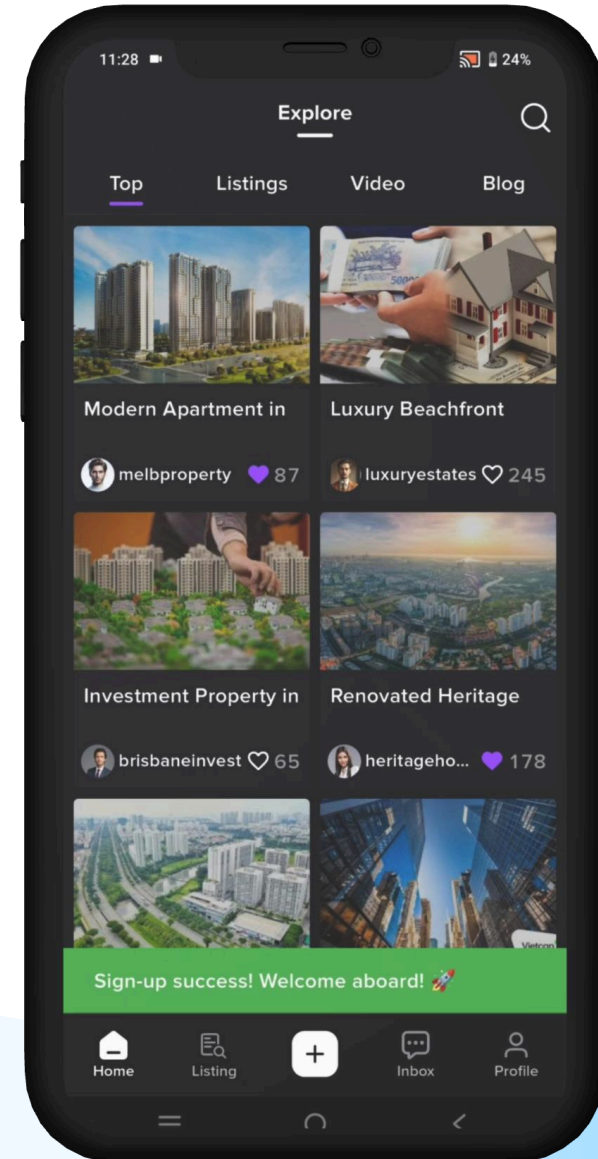

Social Media Platforms Features

What Will You Have?	Descriptions
Short Video Feature	Create and view engaging, TikTok-style or YouTube Shorts-style property clips for quick and dynamic presentations.
Networking & Community Building	Connect with real estate professionals and enthusiasts to exchange insights, leads, and opportunities.
Favorites & Saved Searches	Save preferred listings or search criteria for easy access and faster follow-up.
Real-Time Notifications	Receive instant updates on new listings, comments, likes, and property status changes.
Mobile-Friendly Experience	Access all features seamlessly on smartphones and tablets for on-the-go use.
Secure Messaging System	Communicate directly with property owners, agents, or potential buyers within the platform.

Crypto Wallet - Vinpay

Crypto Wallet Features

What Will You Have?

Descriptions

Secure Crypto Wallet with Advanced Encryption

A robust wallet platform built with high-level encryption to ensure your digital assets are protected against threats.

Multi-Currency Support

Manage a diverse portfolio of cryptocurrencies in one place, complete with real-time exchange rate data.

Fast, Seamless Transactions

Enjoy quick, peer-to-peer transfers with low transaction fees and instant processing.

Biometric & PIN Authentication

Secure your wallet using fingerprint, facial recognition, or PIN codes for added peace of mind.

Real-Time Market Data & Notifications

Stay informed with live cryptocurrency price feeds and receive instant alerts for account activities, transfers, or support messages.

International & Cross-Border Payments

Send and receive money globally with transparent, fast transfers—ideal for cross-border transactions.

Crypto Wallet Features

What Will You Have?

Descriptions

User-Friendly Design

Intuitive UI/UX designed for users of all skill levels, making the app easy to navigate and operate.

24/7 Customer Support

Access around-the-clock assistance directly within the app for help with queries or technical issues.

Payment Integration Options

Likely includes support for mainstream payment services through platforms like PayPal or Stripe (as seen in mobile updates).

KYC, SSO, and Contact Management

Features such as Know-Your-Customer verification, Single Sign-On, promo code support, and in-app address book help improve usability and compliance.

Software Project Management Platform - PMS

Software Project Management Features

What Will You Have?	Descriptions
User Account Administration	Administrators can create and manage user accounts, assign roles and define permissions according to organizational policies for secure and structured access control.
Project Creation & Access Assignment	Admins can initiate projects, configure teams, and assign specific users with roles and permission levels to ensure ownership, collaboration, and accountability.
Work Package–Based Ticket Management	Organize, monitor, and manage tasks through structured work packages, improving workload distribution and project visibility.
Header-Level Ticket Overview & Automation	View all tickets at a header level for quick progress checks, with automated status updates to boost efficiency and responsiveness.
Master Plan Progress Tracking	Access a complete view of the overall project timeline and milestones for real-time monitoring and alignment with strategic objectives.
Sprint Goal Definition & Maintenance	Create and update sprint goals to reflect shifting priorities, supporting agile planning and consistent alignment with business goals.

Software Project Management Features

What Will You Have?	Descriptions
Release Documentation via Confluence Integration	Track and document release notes directly through Confluence for seamless version control, transparency, and cross-team accessibility.
Comprehensive Report Exporting	Export ticket data and generate detailed reports for analysis, audits, and performance reviews, compatible with common business tools.
Document Upload & Centralized File Management	Upload, store, and manage project-related files in a centralized repository, ensuring all assets remain organized and accessible.
Modern, Intuitive User Interface	A clean, user-friendly design that enhances usability, reduces learning time, and improves user adoption across teams.

Moreover, the admin can create project types by filling in the required information such as name, description, etc,

Add Status Project

Similarly, the admin can create different statuses depending on the project

Add Custom Field Project

Besides that, the admin can also create different custom fields depending on each project and ticket type.

Configure Custom Status Flows

Additionally, the admin can configure custom status flows for each project.

USER SITE

Now, I will show you some key features of the user site, such as creating tickets, configuring statuses, creating tasks and subtasks, and more.

After logging in successfully, you need to select a project first. Once selected, you will see all the tasks assigned to you displayed at the top of the website, excluding those with the status 'Closed' or 'Cancelled'.

Create Ticket

First, I will show you how the user can create tickets with different types such as Task, Feature, Subtask, Bug, and Change Request.

To create new ticket you must have to choose type of ticker first, after that you have to fill some required information such as: ticket name, assignee, priority, custom field, etc, ...

Format Tickets (CKEditor)

Social & Event Platform- Convilu

Social & Event Platform Features

What Will You Have?	Descriptions
Real-Time Event Discovery	Instantly explore and discover local and international events—including concerts, pop-ups, talks, exhibitions, and festivals—through dynamic, up-to-date listings.
Ticket Purchase & Digital Wallet Access	Securely buy tickets with just a few taps, and store them directly in your device's wallet for seamless access.
Smart Recommendations & Location-Based Alerts	Receive personalized event suggestions and notifications based on your interests and current location, ensuring you never miss what matters.
Community Engagement & Content Sharing	Follow communities and venues tailored to your preferences. Engage with local organizers, receive live updates, and stay connected in real time—whether at home or abroad.
Organizer Tools: Venue & Community Management	For event organizers and venue owners, Convilu provides a full suite of admin tools—create/manage venues and communities, launch events, handle ticketing, and track performance via dashboards.
Marketing & Promotional Campaigns for Hosts	Event hosts can launch and monitor promotional campaigns to increase visibility and attendance for their events.

Social & Event Platform Features

What Will You Have?	Descriptions
Real-Time Notifications & Updates	Stay informed with instant alerts for upcoming events, ticket updates, and community activities—keeping you in the loop at all times.
Multi-User Role Support & Access Control	Supports different user types—Individuals, Business Venues, and Business Communities—to ensure appropriate access and functionality for each group.
Built-In Chat & Direct Messaging	Communicate directly within the platform by joining chat channels or sending direct messages to users within the same venue or community.
Transparent Privacy & Data Handling	Operates under EU data protection standards, with detailed policies on information collection, usage, sharing, and user data rights.
Email Outreach by Venue & Admins	Venue owners and community admins can send targeted email communications directly to group members—fostering engagement and promoting upcoming events.
Content Moderation & Community Guidelines	Convilu enforces strict community standards—encouraging honest, respectful interaction and providing clear rules on privacy, content, and user conduct.

Dating App - ConviConnect

Dating App Features

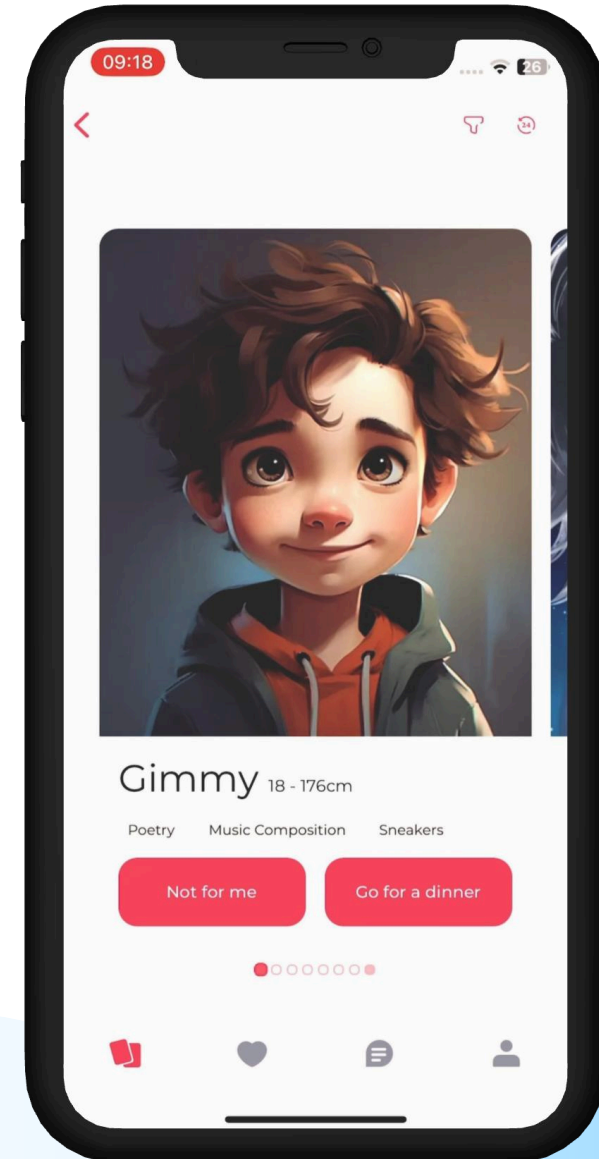

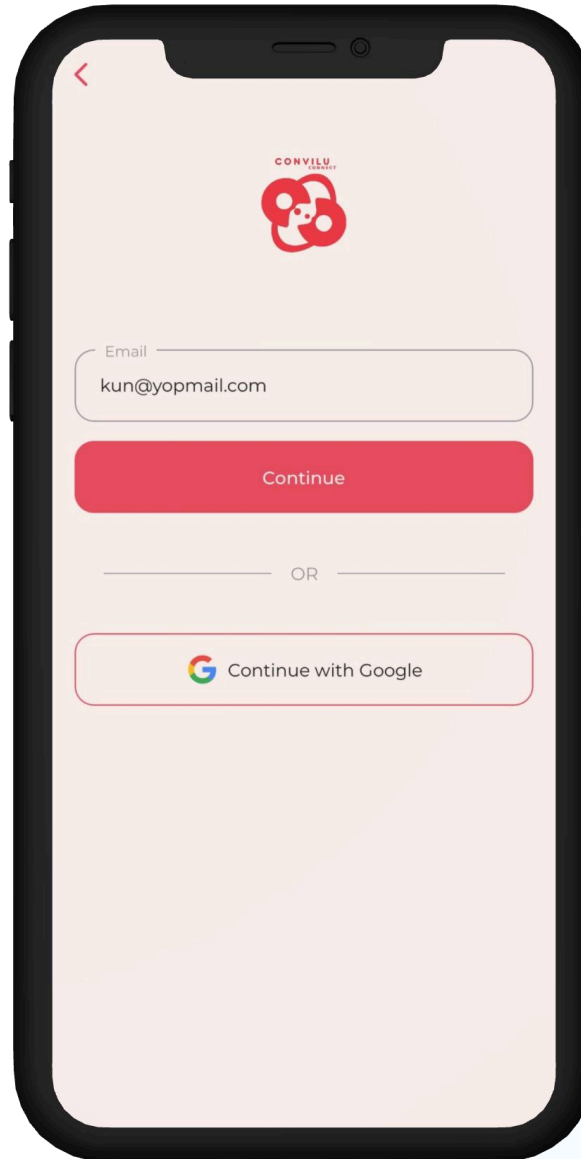

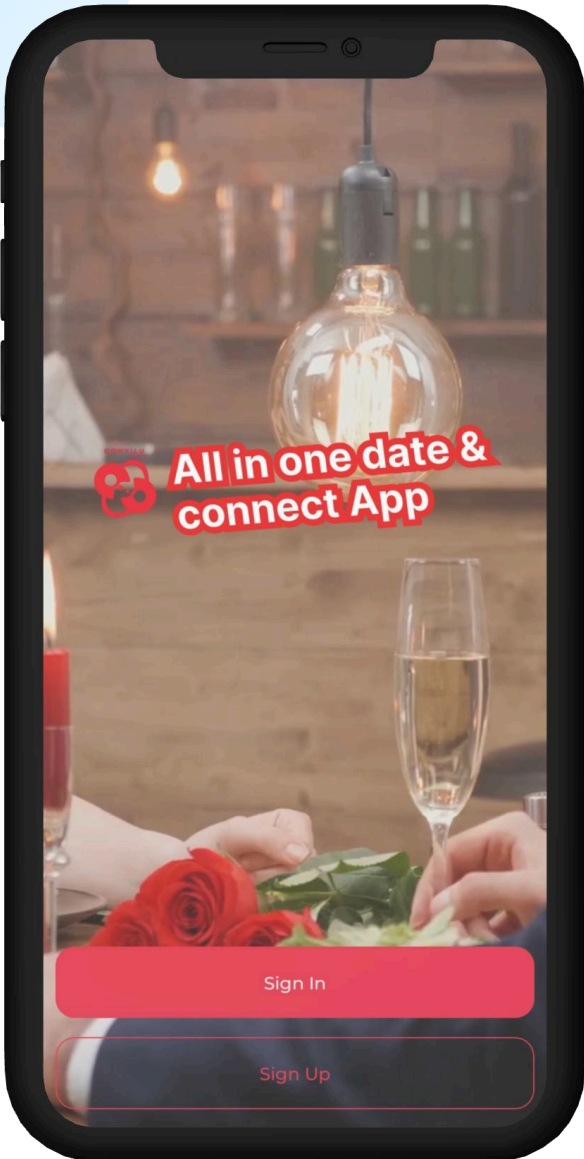

What Will You Have?	Descriptions
Offline Dating & Community Events	Participate in curated offline experiences like one-on-one drinks, dinners, activity dates, and community gatherings to foster real-world connections
Swipe-Based Matching Experience	Browse and swipe through profiles, match with compatible individuals, and arrange meetups effortlessly
Inclusive Relationship Goals	Tailored to facilitate love, friendship, and meaningful connections, regardless of what you're seeking
User Feedback & Positive Ratings	Real users express satisfaction with genuine, safe, and engaging event experiences
Privacy-Conscious Design	Developer claims no user data is shared with third parties; however, data is not encrypted during transfer, and users can request deletion of their data
Visual Content Collection	The app collects photos, videos, and personal information (like name, email, address, phone number, and location) primarily for app functionality and account management

Dating App Features

What Will You Have?	Descriptions
Available on Mobile Platforms	Available for download on both iOS and Android—mobile-first experience for seamless access
App Release & Usage Stats	Version 0.0.16 has been available since early 2025 with minimal downloads
Profile Customization	Users can personalize their profiles with bios, photos, and interest tags to attract compatible matches.
Event RSVP & Booking	Easily register or book spots for offline events directly through the app.
In-App Messaging	Chat securely with matches or event attendees to coordinate meetups and build rapport before meeting in person.
Location-Based Matching	Discover and connect with people or events near your current location for convenient meetups.

Crypto Wallet - ConviCoin

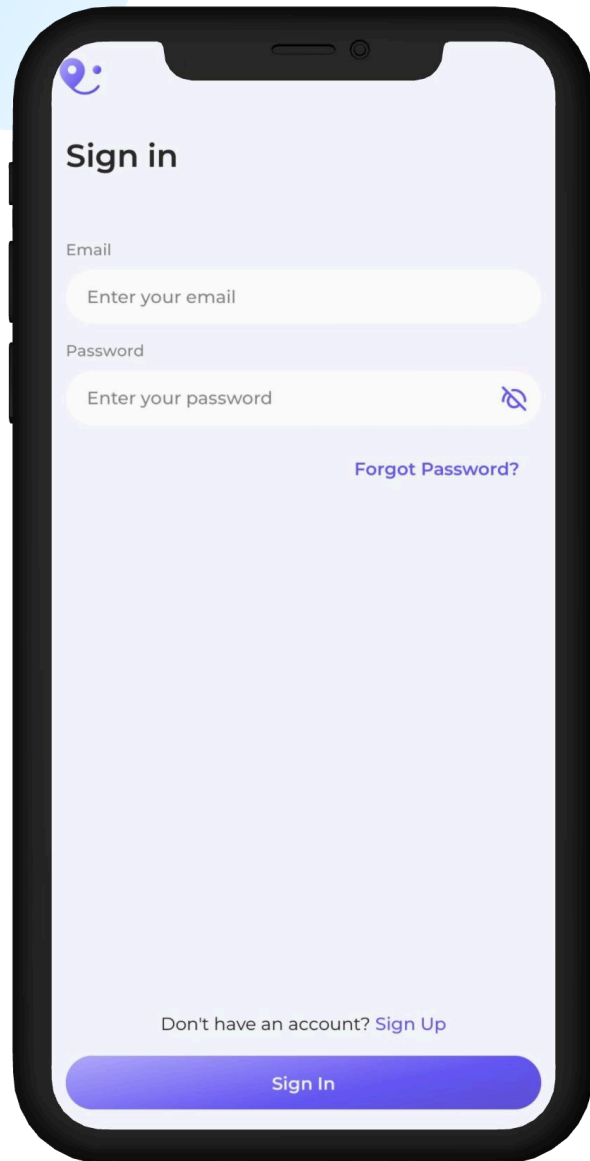

Crypto Wallet Features

What Will You Have?	Descriptions
Borderless Crypto Payments	Use Convicoin like cash—make fast, secure payments without reliance on banks or currency exchanges, accepted at locations ranging from hotels to retail shops.
Fast, Low-Fee Transactions	A next-generation cryptocurrency that enables quick, low-cost transactions on a secure blockchain—ideal for both day-to-day spending and long-term investment.
Unified Wallet & Spending Platform	Handle crypto activities all in one place—buy, store, exchange, and spend tokens. Includes support for a crypto debit card (e.g., BitPay integration) with automatic cashback rewards.
Staking Functionality	Earn passive income by staking Convicoin, supporting network security and liquidity.
Convicoin Debit Card	Link your Convicoin wallet to a debit card—spend seamlessly in fiat where accepted and reap cashback benefits.
“CoinNest” Ecosystem Engagement	A hub of physical and digital venues across global cities—New York, London, Miami, Bangkok, Singapore, Berlin—where Convicoin powers membership fees, perks, and internal token transactions.

Crypto Wallet Features

What Will You Have?	Descriptions
NFT-Based Utility & Perks	Access Convicoin-backed NFTs tied to memberships, exclusive benefits, or loyalty functions within the ecosystem.
Stability & Real-World Value	Convicoin aims to provide tangible value by linking crypto rewards with everyday usability and tangible assets.
Community & Affiliate Engagement	Join a growing network through affiliate programs, contribute to the community, and explore solutions spanning global hospitality, travel, and retail sectors.
Transparent Governance & Documentation	Access detailed resources including whitepapers, lightpapers, FAQs, token-holder agreements, and legal documents—providing clarity and transparency for users.
Send & Deposit Funds Instantly	Users can send Convicoin to other wallets or deposit tokens into their account with ease, ensuring fast peer-to-peer transactions.
Create & Manage Payments	Generate custom payment requests for goods or services directly within the platform, streamlining transactions between individuals and businesses.

Group Buy Deals System - TribeBuy

Group Buy Deals System Features

What Will You Have?	Descriptions
Condo-Based Group Buying Community	A dedicated platform for residents of specific condominium estates (“Condo Tribes”) to participate in group purchases—unlocking exclusive collective pricing deals.
Hand-Picked Quality Merchants	Access to a curated list of merchants, all rated at least 4.5 stars to ensure trustworthiness and quality in your purchase experience.
Consolidated Home Furnishing Options	Multiple merchants across various home furnishing categories are conveniently grouped in one place, eliminating the need to manage multiple chat groups or platforms.
Lowest-Price Guarantee	Merchants promise their best available prices specifically for the TribeBuy community—ensuring you won’t find better deals elsewhere.
Streamlined Group Buy Process	Easy-to-follow steps: select your Condo Tribe → browse product categories and deals → connect with merchants and book showroom visits—all through one platform.
Real Estate Estates Selection	Choose from current participating estates such as Penrose, Pullman Residences, Watergardens at Canberra, and The Commodore to view available group buy options.

Group Buy Deals System Features

What Will You Have?	Descriptions
Client Reviews & Testimonials	Hear directly from users like Lynn, Willy, and Vicky, who highlight time savings, convenience, and vendor quality through in-unit appointments.
Direct Enquiry & Support Access	Easily contact the TribeBuy team via email, with rapid response within two working days, and find their physical office at Harbourfront Avenue in Singapore.
Exclusive Launch Promotions	Early Condo Tribes get special launch deals and first access to limited-time discounts on selected categories.
Showroom Booking & Visits	Residents can schedule visits to merchants' showrooms directly from the platform for a hands-on experience before purchase.
Estate-Wide Announcements	Receive updates on new deals, campaigns, and merchants tailored specifically to your Condo Tribe community.
Seamless Order Consolidation	TribeBuy groups orders by estate, making logistics and delivery smoother while further lowering costs.

The screenshot displays the 'Admin Management' interface. On the left is a dark sidebar with two menu items: 'Deals Management' (with a shopping cart icon) and 'Users Management' (with a person icon). The main content area has a light yellow background. At the top, there are four filter dropdowns: 'Name', 'Location', 'Property Type', and 'Tag'. Below these are two buttons: a red 'Search' button with a magnifying glass icon and a white 'Reset' button with a circular arrow icon. The central part of the interface is a table with 8 columns: ID, Image, Name, Location, Property Type, Tag, Created Time, and Last Modified T. The table contains 8 rows of data, each representing a property deal. The 'Tag' column uses colored labels: green for 'NEW' and blue for 'UPCOMING'.

DENTSU SPORTS VIETNAM

ABOUT US

Dentsu Sports Vietnam Limited Liability Company, a Vietnam-based sports marketing agency, has been operating in Vietnam for more than 12 years.

From the early days of presence in Vietnam, we are proud to be a member of **Dentsu.**, – a multinational group consisting approximately of 900 companies across the globe by January 2023 with an over-century history of operation, who has been a champion of meaningful progress – helping brands predict and plan for disruptive future opportunities. Our Dentsu have pioneered the commercialization of premium sports properties worldwide since the 1964 Summer Olympics in Tokyo (Japan).

As a business unit operating within Dentsu Sports International Inc. (**DSI**), an arm of Dentsu (as the whole Dentsu group companies), which was officially launched in 2021, we pursue and share the same purpose of connecting brands and properties to fans of sports.

We have been creating and maintaining an open gateway for our clients, linking the world of sports and its fans in Vietnam and neighboring countries within Southeast Asia (ASEAN) region. Our activities do not only directly visualize or actualize the client's wishes to understand sports fans' subcultures but also create partnerships that build affinity between them.

EVENTS MANAGEMENT – With end-to-end management and operation (logistics, F&B, broadcast and sponsorship), from conception to delivery, we produce unique events that create emotional connections through strategic and innovative thought.

ATHELETES MANAGEMENT – With sponsorship procurement, holistic development, right management, we bridge all gaps between athletes and clients to deliver the success to both of them.

ACTIVATION CONSULTANCY – With ideation of activations, strategy, execution and client servicing, together, we push boundaries and stretch what's possible, delivering original work that is more meaningful, memorable and measurable.

MARKETING/MEDIA STRATEGIC CONSULTANCY – With strategic planning, ideation, client servicing, and brand activation, from the concept to measuring the deliverables of the marketing activities, we are actualizing and measuring the invisible and hard-to-measure activities.

Working with both local and global clients we have a dedicated team who have unrivalled market knowledge and experience in both conceptualizing and delivering strategies, activation plans and unique events.

growth.

1. Corporate governance

- The Company shall set up a system according to which it conducts sound corporate management and fulfills its social responsibilities
- The Company shall rapidly respond to accidents and emergencies; promptly ensure a recurrence is prevented; disclose relevant information; and be fully accountable to stakeholders
- Monitoring systems, such as a reporting desk, shall be set up for employees who are victims of discrimination or harassment, and witnesses of employee misconduct

2. Respect for human rights

- In the hiring and treatment of employees, compliance is required with relevant laws and regulations, while international standards are to be respected
- In the area of human rights, the Company shall respect diversity and foster a fair corporate culture, guaranteeing minimum wages and ensuring that labor management does not permit forced labor, child labor, or harassment
- Discriminatory expressions and actions shall not be used or proposed in advertisements, other creative work, or in the provision of services
- The Dentsu Group Human Rights Policy shall be understood and observed

3. Proper work environment

- Every effort shall be made to create an accident-free workplace and work environment, in which all employees are able to work energetically and enjoy good health
- The right of employees to organize shall be recognized, and the right to collective bargaining shall be respected as a means of achieving labor-management discussions on issues such as working conditions and wage levels

4. Environmental protection

- By reducing CO₂ and other greenhouse gas emissions, efforts shall be made to ensure that

Academy Platform

Academy Platform

What Will You Have?	Descriptions
Specialized in Certifications	They provide certifying training courses in Switzerland. Focus areas are: Information Security, Data Protection, and Compliance to major standards.
Course Types & Topics	These are high-level, professional / managerial certifications. Ex: ISO 42001 Lead Implementer, Lead SCADA Security Manager, etc
Modes & Delivery Options	They support instructor-led training. They also have online / remote or hybrid possibilities (e.g. "Lausanne & Online") in some events.
Upcoming Events Structure	They schedule "upcoming events" (courses) with dates. Example: ISO 22301 Lead Implementer on 2-5 June 2025.
Course Features / Differentiators	Exam fees are included in some courses. Certification is available in those courses. 100% success rate claimed for some courses.
Accreditation / Partner Status	Abilene Academy is the only official and accredited platform to offer these certifying trainings (in the stated domain). It is a PECB Titanium Partner, and their Information Security Management System (ISMS) is certified to meet ISO/IEC 27001:2022.

Academy Platform

What Will You Have?	Descriptions
Audience & Experience	Targeted at professionals who want high-level certifications in cybersecurity, compliance, info security, risk / business continuity etc.
Branding & Positioning	They position themselves as “the tech school of the future. Strong focus on credibility, security, compliance, performance.
Multiple Course Categories / Domains	They divide their offerings into thematic categories such as Information Security, Microsoft Trainings, etc. This suggests they aim to serve a range of technical and security-oriented specializations.
Flexible Learning Paths	They explicitly state they offer different modes: self-study, pre-recorded presentations, live instructor-led sessions.
User Engagement & Lead Capture Mechanism	They prompt visitors to subscribe to newsletters (quarterly). This shows they are collecting leads and building a community / mailing list around their offerings.
Accreditation & Internal Quality Commitment	They are a PECB Titanium Partner, underscoring their close alignment with recognized certification bodies.

LearnAnywhere ©

Instructor-Led

Courses are delivered by field-experienced Advisors, either in person or via virtual sessions. This can take place at one of our training facilities in Europe, in the Middle East, Southeast Asia, and South America or wherever you may be located. We encourage smaller groups of participants to foster discussion and experience sharing. Testing can be done on-site (pen and paper) or at a later date, on-line at your convenience or in an authorized testing center.

LearnAnywhere © experience La Réunion Island

Abilene Academy — March 18, 2025

Under the midday sun, the island of La Réunion reveals itself in its rugged majesty. From this vantage point, the Cirque de Mafate stretches out below, an amphitheater of towering cliffs and deep ravines, while the Piton des Neiges—proud and ancient—stands as the island's silent guardian. A land sculpted by fire and rain, a place where time moves to the rhythm of the elements, unyielding and eternal. Its name, Réunion, speaks of revolution. In 1793, at the height of the French Revolution, it was renamed to symbolize the unity of the republicans who had

Whether you can join us in our training facility or from wherever is suitable for you, we'll make you feel right at home with our LearnAnywhere © training platform.

If you'd rather learn at your own pace, we've also got you covered, with optional coaching sessions with one of our experts to maximize your chances of success!

(AIMS) based on ISO/IEC 42001:2023.

PECB ISO 42001
LEAD IMPLEMENTER

Artificial intelligence (AI) is becoming a key application has spanned across numerous challenges and considerations that demand implementation and responsible management. This training course is your gateway to mastering the management of AI management systems.

The PECB ISO/IEC 42001 Lead Implementer course aims to provide a comprehensive understanding of the necessary competencies to effectively implement an AI management system in an organization. The course framework for its successful integration into your organization's expertise to drive AIMS implementation.

For more information, please visit [PECB](#)

Learning objectives :

Explain the fundamental concepts and

Interpret the ISO/IEC 42001 requirements for an AI management system implementer

Initiate and plan the implementation of the AI management system using the AIMS2 Methodology and other best practices

Support an organization in operating, maintaining and improving its AI management system on ISO/IEC 42001

Prepare an organization to undergo a third party certification audit

Who should attend?

Professionals responsible for managing and monitoring AI projects

I'm interested

Decentralized Exchange

DEX

Decentralized Exchange

What Will You Have?	Descriptions
Web3 Integration	Implement secure user wallet integration using cryptographic techniques. Manage key pairs for user wallet control with advanced encryption.
Smart Contract Integration/ Audits	Integrate and deploy smart contracts for automated transaction execution.
Order Book	Build and maintain an order book with real-time order information.
Liquidity Pools	Integrate with decentralized liquidity pools using smart contracts.
Token Swap	Ensure verifiable token exchanges through blockchain transactions.
Multi-Currency Support	Support multi-currency transactions. Implement automatic currency conversion using oracles and decentralized pricing.
Cross-Chain Compatibility	Facilitate transactions between different blockchains using cross-chain protocols. Ensure compatibility and communication between diverse blockchain networks.

Decentralized Exchange

What Will You Have?	Descriptions
Security Measures	Implement SSL/TLS protocols for secure communication. Apply advanced security measures, including two-factor authentication and tokenization. - DNSSEC - Anti-DDoS - SSL security - Registry Lock - Multisig Vault - Data Encryption - CSRF Protection - SSRF Protection - Application firewall
User Interface (UI)/User Experience (UX)	Design UX/UI for the decentralized exchange.
Decentralized Governance	Integrate decentralized governance mechanisms. Enable user participation in on-chain decision-making processes.
Automated Market Making (AMM)	Automated price determination and liquidity provision. Optimize trading processes and enhance liquidity through dynamic price adjustments.
Liquidity Providing	Encourage users to provide liquidity by real-yield APR

Decentralized Exchange

What Will You Have?	Descriptions
Yield Farming	Allow users to earn profits by participating in liquidity farms
Limit Orders	Users can buy or sell at a specific price or better. It is a way for traders to execute trades at desired prices without having to monitor markets
Liquidity Aggregation	Integrate multiple liquidity sources to optimize prices and flexibility
Token Swaps Across Chains	Allow users to trade a token issued on one blockchain with another token issued on another blockchain
Decentralized Oracles	Enable DEX to query the current price of an asset
Margin Trading	Allow users to trade with borrowed funds
Extended Trading View	Provide an advanced charting interface for users to analyze market trends and make informed decisions
Matching Engine	Power the order-matching process, ensuring efficient and timely trade executions
