# Tiered Loyalty Program

# Tiered Loyalty Program Features

| What Will You Have? | Descriptions |
| --- | --- |
| **POPG Token Wallet & Saving Functionality** | A secure place to hold and save your POPG tokens, earning a rebate annually based on the amount you lock. The rebate is distributed daily and can be redeemed for entertainment services. UAT likely mirrors this functionality. |
| **Tiered VIP Savings System** | Five VIP tiers that provide increasing rebates—up to 14% annual rebate—depending on the tier you qualify for through saved POPG tokens. |
| **Rewards Redemption for Entertainment** | Ability to redeem accumulated POPG rebated tokens for entertainment services like streaming subscriptions (e.g., Netflix, Spotify), gaming, and more. |
| **Gift Card or Service Redemption Portal** | A redemption interface—possibly accessed via live chat or directly within the wallet—to claim gift cards or service credits (e.g., free Spotify Premium month). |
| **Information on Ecosystem Participation** | Explanation of the POPG ecosystem pillars—POPG.VIP (VIP rewards), and POP.LIVE (premium events)—highlighting where the wallet fits within the broader Web3 entertainment realm. |
| **Token Utility & Ecosystem Access** | POPG tokens serve as utility tokens across the ecosystem. Holding and locking them within the wallet grants you access to services, redemptions, and platform participation. |

# Tiered Loyalty Program Features

| What Will You Have? | Descriptions |
| --- | --- |
| **Transparency & Business Credentials** | Clear disclosure of the legal entities behind POPG—Trivisionary DMCC (UAE) as technology provider, and World Makers Group Inc. (Panama) as token issuer—supporting trust in the wallet's legitimacy. |
| **Policy Compliance & Legal Considerations** | Embedded links to Terms of Use, Privacy Policy, and compliance with disclosures such as token volatility and digital asset risks. |
| **Buy, Deposit & Withdraw Options** | The UAT wallet interface includes clear actions for Buy, Deposit, and Withdraw, suggesting that users can easily purchase POPG tokens (likely via integrated exchange/payment), deposit pre-owned tokens, and withdraw them from the wallet. |
| **Save & Redeem Functions** | Obvious Save and Redeem buttons indicate core functionality: locking POPG to earn rebates, then redeeming those rebates in entertainment services or redeemable tokens. |
| **Account Management & Dashboard** | The labels Dashboard, Profile, Help Center, along with options to Log In / Register, reveal the presence of an account management interface. Users gain access to personalized views of activities, support, and profile actions. |
| **Real-Time Token Valuation & Merchant Status** | A live display of "1 $POPG = 0.051 USD" implies dynamic valuation (though placeholder in UAT), while the note "There aren't any merchants yet" indicates UAT's readiness to list redeemable services in future. |
