**Tiered Loyalty  
Program**

# Tiered Loyalty Program Features

What Will You Have?	Descriptions
<b>POPG Token Wallet &amp; Saving Functionality</b>	A secure place to hold and save your POPG tokens, earning a rebate annually based on the amount you lock. The rebate is distributed daily and can be redeemed for entertainment services. UAT likely mirrors this functionality.
<b>Tiered VIP Savings System</b>	Five VIP tiers that provide increasing rebates—up to 14% annual rebate—depending on the tier you qualify for through saved POPG tokens.
<b>Rewards Redemption for Entertainment</b>	Ability to redeem accumulated POPG rebated tokens for entertainment services like streaming subscriptions (e.g., Netflix, Spotify), gaming, and more.
<b>Gift Card or Service Redemption Portal</b>	A redemption interface—possibly accessed via live chat or directly within the wallet—to claim gift cards or service credits (e.g., free Spotify Premium month).
<b>Information on Ecosystem Participation</b>	Explanation of the POPG ecosystem pillars—POPG.VIP (VIP rewards), and POP.LIVE (premium events)—highlighting where the wallet fits within the broader Web3 entertainment realm.
<b>Token Utility &amp; Ecosystem Access</b>	POPG tokens serve as utility tokens across the ecosystem. Holding and locking them within the wallet grants you access to services, redemptions, and platform participation.

# Tiered Loyalty Program Features

What Will You Have?	Descriptions
<b>Transparency &amp; Business Credentials</b>	Clear disclosure of the legal entities behind POPG—Trivisionary DMCC (UAE) as technology provider, and World Makers Group Inc. (Panama) as token issuer—supporting trust in the wallet's legitimacy.
<b>Policy Compliance &amp; Legal Considerations</b>	Embedded links to Terms of Use, Privacy Policy, and compliance with disclosures such as token volatility and digital asset risks.
<b>Buy, Deposit &amp; Withdraw Options</b>	The UAT wallet interface includes clear actions for Buy, Deposit, and Withdraw, suggesting that users can easily purchase POPG tokens (likely via integrated exchange/payment), deposit pre-owned tokens, and withdraw them from the wallet.
<b>Save &amp; Redeem Functions</b>	Obvious Save and Redeem buttons indicate core functionality: locking POPG to earn rebates, then redeeming those rebates in entertainment services or redeemable tokens.
<b>Account Management &amp; Dashboard</b>	The labels Dashboard, Profile, Help Center, along with options to Log In / Register, reveal the presence of an account management interface. Users gain access to personalized views of activities, support, and profile actions.
<b>Real-Time Token Valuation &amp; Merchant Status</b>	A live display of “1 \$POPG = 0.051 USD” implies dynamic valuation (though placeholder in UAT), while the note “There aren’t any merchants yet” indicates UAT’s readiness to list redeemable services in future.

The screenshot shows a dark-themed NFT marketplace interface. At the top, there are navigation links: Create, Blog, About Us, Contact, and Collections. Below this, a large NFT image is displayed, featuring a stylized face with a wide, toothy grin and two 'X' marks for eyes. A purple curved arrow points from the top right towards the center of the NFT image. In the center, a modal window titled "Place a bid" is open. The modal contains the following text: "You are about to purchase This Product Form Nuron" and "Purchase NFT". It shows the "Price: 0.01 ETH". Below this, it details the transaction amounts: "Your Balance" (0.153600 ETH), "Service fee" (0 ETH), and "Total amount" (0.01 ETH). At the bottom of the modal is a large blue "Confirm Purchase" button. To the right of the modal, the NFT's details are visible: "My NFT #10", "Highest bid: 0ETH", "#22 Portal, Info below", "1% royalties", "ea4...ff014", "Collections", "cryptosparkminds-1", and "table content included". At the bottom right, it says "Auction has ended" and "Completed". At the very bottom, there is a button labeled "Buy with 0.01 ETH" with a cursor icon pointing to it.

The image displays two mobile application interfaces side-by-side, illustrating the NFT Marketplace Features.

**Left Application (Dark Theme):**

- Sell NFT Screen:** Shows a large button labeled "Sell NFT". Below it, a message says "You are about to list this NFT for sale".
- Processing Approval Transaction:** Shows the message "Processing approval transaction...".
- Bottom Buttons:** "Cancel" and "Confirm" buttons.

**Right Application (Light Theme):**

- Withdrawal Request Screen:** Shows the account information "Account 2" and "Sepolia".
- Request Title:** "Withdrawal request".
- Description:** "This site wants permission to withdraw your NFTs".
- Estimated Changes:** "Estimated changes" with a note: "You're giving someone else permission to withdraw NFTs from your account".

My NFT

The screenshot displays a user interface for an NFT marketplace. At the top, a navigation bar includes links for Home, Create, Blog, About Us, Contact, Collections, and My NFT. The main content area shows a grid of NFT items. The first four items in the grid are circular icons with stylized faces: the first has 'XX' for eyes, the second has '69' for eyes, the third has '6X' for eyes, and the fourth has 'XX' for eyes. Below these are three text labels: 'Completed', 'Completed', 'Completed', and 'Completed'. The fifth item in the grid is a portrait of a person with a colorful, abstract texture. Below the grid, there are three more NFT items: a portrait of a person, a penguin, and a yellow duck smoking a cigarette. The overall theme is dark with vibrant, colorful highlights on the NFT images.

## ABOUT US

Dentsu Sports Vietnam Limited Liability Company, a Vietnam-based sports marketing agency, has been operating in Vietnam for more than 12 years.

From the early days of presence in Vietnam, we are proud to be a member of [Dentsu](#), – a multinational group consisting approximately of 900 companies across the globe by January 2023 with an over-century history of operation, who has been a champion of meaningful progress – helping brands predict and plan for disruptive future opportunities. Our Dentsu have pioneered the commercialization of premium sports properties worldwide since the 1964 Summer Olympics in Tokyo (Japan).

As a business unit operating within Dentsu Sports International Inc. ([DSI](#)), an arm of Dentsu (as the whole Dentsu group companies), which was officially launched in 2021, we pursue and share the same purpose of connecting brands and properties to fans of sports.

We have been creating and maintaining an open gateway for our clients, linking the world of sports and its fans in Vietnam and neighboring countries within Southeast Asia (ASEAN) region. Our activities do not only directly visualize or actualize the client's wishes to understand sports fans' subcultures but also create partnerships that build affinity between them.
